Please review the Planning
reports eminating from the
ExCom to see if any of
these ADP support require-
ments ever surfaced in
any usable detail. I don't
think they did. Thx J

REMARKS

Bruce,

In response to your questions I checked with EXCOM Staff and it is their plan to summarize all of the action items coming out of each of the individual EXCOM sessions. There are 2 EXCOM review sessions scheduled to wrap up this first Agency planning exercise. Specifics such as Don extracted from the "Third World Instabilities" paper will not be dealt with at this point.

If, for example, EXCOM were to directly incorporate initiatives in response to the Third World paper they would incorporate such

direction in a guidance memorandum to ████████
who would turn that direction into finished
guidance for the 1983 program build. Your
specific actions in support of their Third World
initiatives would be reflected in this 1983
program submission and would have been previously
coordinated with the appropriate NFAC components.

Said another way you may want to talk to NFAC
informally about the kinds of requirements Don
identified for you but I wouldn't spend any
analyst or management time on them until we see
what will come out of the final review sessions in
the way of more specific guidance to ████████
~~am available~~

I ~~████████~~ to discuss this with you further
at your convenience.

Bruce!

I would be happy to go out to
appropriate NFAC offices and get the
data storage/training requirements noted
in Mr. Wortman's memo. Please let
me know if I may be of assistance.

Terry —

When can we expect someone to translate these generalizations into something akin to requirements? What's the time frame? What offices are involved? How many "data specialists" do they have in mind? Can you shed any more light on this for me?
